"Just received my "one ring" this afternoon and WOW! It's very nice. The color is much richer, the weight and size much nicer then the other replicas I have seen and handled.

A nice piece of work, thank you.

Sincerely, Sandy A., USA"

"I just wanted to let you know that I received my Jens Hansen 'One Ring' via international mail today. Let me just say that the craftsmanship on the ring is excellent. I am thoroughly satisfied with your product. It's definitely a unique item in my neighborhood. Good day to you all.

Robert F., MD, USA."

"I just wanted to let you know that my One Ring and chain just arrived safely.

They are even more beautiful than I imagined from the picture. The One Ring is exquisite. Its artistry and craftsmanship are stunning. The chain is absolutely remarkable, not ordinary in any sense whatsoever.

I shall treasure them both for a lifetime.

I am so excited that you actually sell copies of your design of the One Ring; I was very disappointed with the "licensed" dealers that sell at high prices rings that don't even look like the original. Thank you so much for making the One Ring available to us fans. It makes Tolkein's mythology just that much more tangible.

Cary R. Texas, USA"

"Both arrived safely. Thank you sooooo much - so bright! so beautiful! aaaaah, Preciousssss.

"Hello,

I just received my One Ring and wanted to thank you for this opportunity to order the One Ring from you, the original designers and makers. I had already bought an "authentic" One Ring with the elvish inscription, but it just didn't feel right. With the One Ring I received today from you, I still can't believe how beautiful it is, my precious.

Thank you. Sam H., Finland"

"Just to let you know that I received the ONE RING and chain yesterday and I am very pleased to say the least! The RING is exquisite in its simplicity and it must give you a great deal of satisfaction to create such a thing of beauty. It has a lovely weight to it and fits like a glove - I can hardly take my eyes off it - not good when you're a bus driver! So hats off to you and all those involved in making "My Precious"; which I will cherish for the rest of my life.

I must also tell/reassure you that I will NEVER have your Ring engraved with the Elvish script. I do not believe that anyone could do a good enough job on it and more to the point it would ruin your crafting of the ring and its originality/authenticity.

Patrick S., Canada."

"Thank-you so much Mr. Hansen, for your prompt replies and ever-helpful assistance! I will certainly keep you in mind for recommendations to NZ friends and family and with my own future dealings with jewellery.
Sincerely, Jennie D."

"My fiancée found the ring very beautiful, and I am happy about my choice. I am very pleased with the amount of service you offer, and I have certainly not made my last trade with you.

PS. Gosh, it really is a beautiful ring
Niklas, Denmark"

"I think you did an absolutely lovely job in creating this Ring. It is amazingly beautiful, and the design you created is just as I envisioned it when I first read the books.

"I received my order today. I am very happy with the ring. I am planning on giving it to my fiancé on Valentine's Day. He will be quite surprised and pleased. Thank you for your help in ordering the perfect ring. Maybe someday we can visit New Zealand and we will stop in to say hello. Sincerely, Melodie, USA"

"I have been meaning to drop a line for a little while since receiving my 'One Ring'. I would like to say that I was very impressed with my ring, I didn't expect it to be so very well made, but I suppose that is because the ring used in the Lord of the Rings has set a high standard you have obviously wished to maintain!!!!

Aaron M., England"

"Hi, I wanted to let you know that I received my One Ring today. The ring is BEAUTIFUL! The craftsmanship is exquisite; I have not seen anything so well made and heavy in a very long time. I wanted to thank you very much, I plan to wear the ring as my wedding band now, it is so much more beautiful than my current band, and I plan to purchase one for my husband to wear as well... I love my ring, it is heavy and wonderful!

Again thank you. Mehrunissa O.,MD, USA."

"I'm so happy you decided to make the ring and chain available. I hated that the "official" version was engraved, and I'm much more comfortable making a purchase from a reputable jeweler.

To be honest, I think the chain is as important as the ring -- it was also prominently featured in the films, and the size and dimension of its links are very distinctive.

Thanks again, and I look forward to receiving the ring -- it will make someone very happy this Christmas.

"Thank you, I'm so excited about this ring. It's very beautiful looking. My future husband is a Tolkien fan and we love the movies. For us, it symbolizes the struggle of good over evil (even though the analogy breaks down a little bit since the ring is supposed to be evil - but we'll ignore that part).

I really didn't like the shape of and/or the engraving on the rings that are available on the market. I was also a little concerned that people would think we were silly if he had a ring with the "Elivish" engraving on it. So this ring, with its beautiful shape and no engraving, is a perfect way to go. We don't have to advertise the symbolism and the ring is so classy looking, like a fine piece of jewelry should be.

I'm glad I found out about you. I hope you have a very good day.

Thank you!

"Thank you very much for taking the time to e-mail the shipping number to me. I'm very grateful for how you handle your e-mails on a personal basis. I've ordered from other companies on the internet before and all would give automated responses to e-mails I sent them. It is refreshing to see you personally taking time to write back. Thank you very much for your services..

Many thanks again
Jean K., Belfast, UK

I am still grateful for the personal touch! And I am looking forward to becoming part of this group. My first choice for a One Ring was always your original and I'm happy in the thought that I shall be getting exactly what I want from the film. Rest assured whenever I watch The Lord of the Rings I shall think of you and your "small shop" full of people working away keeping the business. I hope you and the rest keep up the good work.

"I received my One Ring from your company today and I'm writing now to tell you how pleased I am with it. I knew you were a company who took great pride in your work so I was expecting a great product but I was amazed at when i actually saw the ring. It was better looking than I had hoped it would be and tremendous value considering its weight. The polish on it is superb also. Thank you for your time spent replying to my e-mails and generally helping to put my mind at rest while I waited. I am delighted with the product. Once again thank you very much.

"Hi,
I've been meaning to send an e-mail to say thanks to you both since receiving my ring.

So exciting when the courier arrived, we nearly missed him, but after running up the stairs I managed to catch him.

All nerves opening the box. When I finally put it on that morning, well Don put it on my finger it seemed too magnificent to wear! I definitely wasn't use to wearing something so beautiful on my finger...

"I am late in writing to you, but I wanted to e-mail you to let you know how extremely pleased we are with The One Ring we ordered from you in late August. It arrived quickly and it was more beautiful than the lovely pictures on your web site. All of our friends are impressed with it, too. It is polished beautifully and is very heavy. My husband is not one to carry on about jewelry, but I he really enjoys wearing it.

Thank you again for making such a nice product.

Hi to Halfdan and Thorkild,

I've been meaning to send an e-mail to say thanks to you both since receiving my ring.

Hi Halfdan -

The rings arrived this afternoon - sizes are perfect - thanks for that. I also wanted to thank you for being so efficient, helpful and incredibly patient - producing the most beautiful rings. Today when I opened the box and saw the ring - what was a very nice and beautifully made ring, was transformed into an extraordinarily beautiful and stylish ring - I love it!! Having the brushed finish is just gorgeous - what a stunning sight.

So, again, many thanks -

Dear Mr. Hansen,

the "one Ring" arrived on thursday the 20th. Thank you for the protective package.

Sure you are accustomed to emails in which your work and the great design of the ring are praised. But even if you get bored I have to join in the chorus of praise.

I can't find the right words to describe my pleasure and satisfaction that I now own this unique ring and the craftsmanship of your workshop and the excellent, genuine design.

I feel a little bit like "Bilbo" as he must give up the ring, because I am working as a nurse I'm not able to wear the ring all the time (what would be my desire) and it aches when I have to take it off my finger and leave it behind in my apartment.

For me this ring shows the devotion to your handicraft together with skill and art.

I also want to thank you for the smooth purchase and transaction. It has been a great pleasure to me to do business with you. And I will esteem the ring and your work highly my lifetime long.

With king regards and the best wishes for you, your family and your workshop

To whom it may concern:

Through some stroke of providence I have stumbled on your GREAT website to find that I can purchase the ONE RING from the makers themselves. I simply cannot express to you my excitement.

Just yesterday I was explaining to my fiancé that having the one ring as our wedding rings would be such a wonderful blessing. I truly appreciate the exquisite design of this ring. But she had been hoping for a white gold or platinum wedding ring. Now we can both be happy, as you offer the ONE RING in BOTH!

As if this wasn't enough, I had been looking for the proper chain that Frodo had carried the One Ring on in the movie as it complimented the Ring as much as your design itself has. Low and behold; you offer the chain as well!

... Your help is most appreciated.

Sincerely,

Alexi C., Greece

Dear sir,

I wanted you to know I received my One Ring this afternoon. I am absolutely 100% happy with the ring! It is very beautiful. It will truly be a treasured possession of mine until the day I die. Thank you very much and have a blessed day!

... And one more thing, that ring you made for the film is pure eye candy! I have to say, it is truly THE ONE RING! It is different from any other ring I've seen, honestly. I just wonder how you did it. I haven't even received the ring, yet I'm still admiring it! You guys are pure geniuses. If you can, **please put this message on your website.** --THANK YOU.

Dear Halfdan,

I'm just letting you know that my ring arrived here safely in England the other day and I'd like to thank you for all your help over the last couple of weeks!

I'm chuffed to bits with it and its every bit as beautiful as it is in the film, I'm really glad I came to you guys directly for it. I also own one of the engraved licensed models, but you are right in what you say in your FAQ, the One Ring I received from you is far prettier and more elegant than those new line have licensed, I'd recommend yours over the others any day of the week!

Once again thanks again, and thanks to everyone in the workshop for allowing me to feel privileged enough to own the 'real' one ring. All the best for the future!

Sue got a card off DHL to say that we had to go to Liverpool depot to pick up the rings, a 40 mile round trip in rush hour after work! She was over the moon when she put them on. Halfdan,

We received my ring today.

It is absolutely AMAZING!!!!!!

We were hoping it'd be nice, but this is beyond all expectations. It is so beautifully shaped and finished, and unbelievably HEAVY. I just cannot adequately express how happy we are with the ring. Everything is even better than you described.

The chain is also fantastic. When we first started discussing jewelry, I explained how much I like simple, classical-elegance, and both the ring and the necklace meet those criteria perfectly. I could go on and on singing your praises, but you already know all this... Thank you... Thank you.... Thank you.....

.....

Thank you again! Our never-ending compliments and gratitude to you and your team.

Sincerely,

I received the ring and chain this morning and I really have been bluffed by the beauty and simplicity of these both items. I can make myself an idea what the solid gold ring would look like.

Thank you for making such beautiful objects, and I'll certainly come back to your online-shop

Dear Halfdan,

I'm pleased to tell you the ring arrived safely today - one day before I needed it;) - it's beautiful and will be a very special gift for my Goddaughter who's a true Tolkien fan.

It has been a pleasure doing business with you and your company.

Dear Sir,

The 14ct One Ring which I ordered has today been delivered to me here in Wales, UK.

It is an amazing piece of craftsmanship and I am totally delighted with it.

... Many thanks and well done on producing such marvelous jewellery.

Many thanks - this arrived safely last week ... - It is lovely and we are delighted with it - beautifully made and presented in such an unusual box - thank you very much!
Best wishes, Rosemary N.

Greetings,
Mr. Halfdan,

I just received my wife's "One Ring" in record time (I might add) and thank you for the rush job. I will have more than enough time to give it to my wife for our anniversary. The quality is the best I have seen. My wife's 18kt ring I gave her a few years ago pales in comparison. The gold is twice that of any 18kt ring available. Besides the fact that it is the actual "One Ring" your quality and workmanship is just outstanding. Thanks again from a very happy customer....HAL A., Oklahoma

My ring has arrived and I just wanted to say how beautiful it is, a classic example of seemingly simple design at its very best. I shall treasure it always.

I've been meaning to drop you a line for a while, just to say how happy with my "One Ring" I am. I ordered one identical to the movie version in 18ct gold. I was expecting something pretty special but I was still amazed at how beautiful, and as promised, how faithful a reproduction of the real thing it was. I'm so proud to own it, and to wear it every day. I would tell any fan of the Lord of the Rings films to buy one, its the ultimate "must have".

Regards,

Rod W., UK.

Dear Sir,

Just wanted to let you know that I received the ring, last week or the week before, and it is perfect. Sorry for the delay in writing you to tell you this. Very nice work. Thanks a lot
